Coffees, Brandies, Liquors & Espresso Martini's also available

Wherever possible, we will always try to use local produce on our menu, so where does our produce come from?

Harrison Potatoes: The Harrison Family have owned Woodland Holiday Park since 1970. As well as owning the Park, they also run a well-established farm that provides a proportion of the potatoes for Kettle Chips. Our potatoes are carefully selected to provide you with the very best taste.

The Butchers Joint: Formally known as Icarus Hines, The Butchers Joint has been providing high quality meat to North Norfolk since 1985. They provide us with all our meat on the menu to ensure that we can provide you with the very best taste.

John Davies: Providing Cromer's famous crabs nationwide, it is so important to us that we can offer you a taste of it on our menu. John has been fishing the coast of Cromer for over 40 years and you will struggle to find a better selection of fresh seafood from what he offers in his Cromer shop.

Dudley's Bakery Cromer: Look no further than the luring sight of freshly made bread, pastries and cakes. Dudley's bakery provides us with our fresh bread everyday and you really won't be disappointed. We highly recommend you pop into their Cromer shop for one of their fresh pies.
